This occasion is an educative venture to many of us and indeed a Godly unifying factor.

WELCOMING REMARKS

community has been part and parcel of this school project and they continue to be so today.

Many other individuals have contributed their precious energy and time towards the construction of this school. In particular, I would like to mention the following people; Fr. Chomba was the first financial controller of the project, which he performed with his utmost integrity.

We also remember and adore the services and the open arms of the late Fr. Patrick Mukuka Chibuye, who was always available to the needs and demands of the school project. And we also appreciate the late Fr. Fredrick Muba Kashimoto – for his valuable assistance he rendered to the school project.

May the souls of these two beloved Fathers rest in peace.

The Guest of Honour Sir,

Teaching and learning began on the 8th of October, 2012, with a total enrolment of 174 pupils form grades 1 to 4. These were directly off loaded from Chibansa primary school. To date the school has 137 boys and 136 girls and 8 trained teachers employed by the Zambian government. The school is currently running from grades one to six.

The Guest of Honour, Sir,

The establishment of this school in this locality, has cheered and brought up immeasurable joy and happiness to all the parents and children from the surrounding villages, in that our children can now walk affordable distances to this school to access the much treasured quality education.

The parents and children of Chita community have seen this school being built and develop to its current status, this has instilled a strong sense of ownership and

patriotism. And hence, the school is being looked after jealously, and no act of vandalism shall be tolerated.

Currently, each of the seven villages has been assigned to mould an average of 5,000 bricks and to dig one pit latrine each. In addition, the community is about to complete constructing a temporary classroom shelter, intended to mitigate the current inadequate teaching and learning space.

The Guest of Honour, Sir,

From what I have outlined above, we the teachers of Chita primary school, the parents and the children, we have every reason to celebrate this wonderful event and we cheerfully thank Allan Shand and the entire Exilda's Angels charity for every thing they have done to make this event a success.

We thank the office of the DEBS –Mpika for all the logistics provided towards this official opening of our school. And we thank all of you present for your concern, patience and commitment to our cause. Having left –your busy schedules just to be part of us, can not be complimented for by any human cleverness, except by the Almighty God alone. Please feel at home and may the caring Lord bless you all.

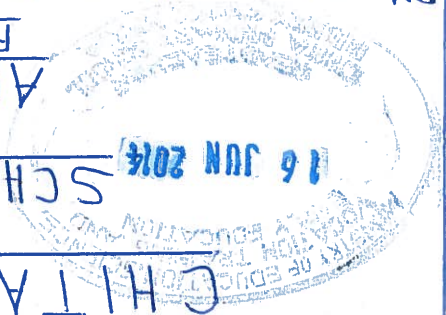

Thank you!

Kaponda Winston.

This education facility is a timely gesture whose benefits we are already enjoying and it shall benefit generation after generation without end.

For you information Sir,

This community has already started tasting the sweet educational fruits of this school; in that some of my fellow pupils whose parents had given up hope of them ever attaining any appreciable level of literacy- are now able to read and write. To this, the parents gathered here today can bear me witness.

To this effect, the Guest of Honour, Sir,

Let me extend my warm and glowing thanks to the Zambian Government through its humble and focused servants, the provincial education Officer of Muchinga province, Mr. Jobbicks Kalumba and the District Education Board Secretary of Mpika, Mr. Christopher Sinkamba, for their lovely unconditional and endless variable support they continue rendering to this school inform of human and material resources.

Sir, it is also my pleasure to mention that the teachers you have given us are a rare blend whose passion and commitment to duty is marvelous. They are not just teachers but caring parents as well. We are proud of them and we commend you for this careful selection and offer.

The Guest of Honour, Sir,

My vote of thanks, would be null and void, if I do not mention and appreciate His Royal highness Chief Chikwanda Katula Musungu II, for his vibrant wisdom and material support, which the school keeps on receiving from him.

The Guest of Honour, Sir,

This year alone, the chief has visited this school for more than five times surpassing all other visitors to the school.
